## THANKS FOR YOUR SUPPORT

Over the last few months, we have been so impressed by the generosity of our school parents and friends when raising money for extra activities and items which will ensure our children have a richer school experience.

Fundraising activities this school year have included :

- Beetle Drive
- Autumn Disco
- Christmas performance collections
- Festive Friday
- 100 Club

These activities have allowed us to part-fund a whole-school trip to the pantomime at Christmas and a new microphone for school use. We've successfully applied for a grant from Glasdon's Charitable Trust to fund a series of workshops to help bring the school curriculum to life.

Year One and Year Six learnt about the Great Fire of London and the Tudors and the other classes will benefit over the coming months.
